Dear Ms Dunbovan

AUSTIN-ZANDE IMAGERY

I am the solicitor for the proprietor of austin-zande imagery, Marc Austin-Zande and Kristen Austin-Zande.

My clients allege breach of copyright by your Alliance in its artistic work from about 3 June, 2014 to date.

They say that a photographic image created by them was used on the Alliance website to advertise a cultural event.

To my clients' greater discomfort, the artistic work had been cropped, enlarged and the watermark removed.

On 13 June, 2014, Marc Austin-Zande, by email, brought the copyright infringement to your attention.

Your Alliance did not remove the original artwork or acknowledge the breach. Rather, the image was further modified.

In light of this activity, my clients sent the Alliance a tax invoice, calculated at its normal rates, for its use of the artwork. There has been no reply and no payment.

My clients damages exceed \$2,139.00. However, that sum is sufficient damages for them to settle their claims against the Alliance at this advanced stage.

First and final demand is hereby made for payment of \$2,139.00 to Ray Barber Solicitor Trust Account within 7 days of the date of this letter.

The Alliance's failure to settle the claim as above will cause my clients to withdraw their offer. They will apply to the Court for damages, punitive damages, interest and costs.

Yours faithfully
RAY BARBER
